

Before-you-order checklist

Collect evidence for a parts inquiry. A matching appearance is not proof of fit.

Request date / contact / equipment location

☐ **Exact equipment identity**

Manufacturer, model, serial number; include the attached gun or torch.

☐ **Current part identity**

Record every marking and part number, including suffixes.

☐ **Photographs**

Part markings, overall shape, mating connection, and equipment label.

☐ **Manual reference**

Document number, revision, parts diagram, and item number.

☐ **Replacement constraints**

Record the required size, material, rating, and quantity from documentation.

☐ **Fitment confirmation**

Name the manufacturer or supplier, confirmation date, and exact matched part.

Unresolved items / person responsible / confirmation reference

Photograph only where safe and permitted. Follow equipment shutdown instructions.
Do not open energized equipment or remove guards to complete this sheet.
This checklist supports an inquiry; it does not certify compatibility or safe installation.
